

COMMENT FORM

Public Scoping Meetings

We need your input. Please take a few minutes to provide your comments or questions for the USDA RUS Federal Environmental Impact Statement process and return your completed form today or mail by June 29, 2009. Your comments help in the planning and implementation of the project. **Thank you.**

Completing this form will automatically add you to our mailing list. If you prefer to not be on the mailing list, please check the box below.

☐ I do not wish to be on the project mailing list

Which meeting did you attend? Centerville - 6-24-09

Please check the following issues that are important to you for transmission line siting.

- ☒ Project Purpose and Need
- ☐ Visual / Aesthetic resources
- ☐ Proximity to residences
- ☐ Land use (agriculture, residential, recreation)
- ☐ Water resources (floodplains, river crossings)
- ☐ Biological resources (wildlife habitat, raptors)
- ☐ Historic and cultural sites
- ☐ Radio or television interference
- ☐ Noise
- ☐ Health and safety
- ☐ Other: _____

What additional key issues should be addressed when assessing the potential impacts of this project?

Hampton • Rochester • La Crosse 345 kV Transmission Project

If you own property in one of the proposed corridors, please indicate all the existing uses of your property below:

☒ Agriculture ☐ Residential ☐ Conservation Easement
☐ Commercial ☐ Industrial ☐ Other: _____

Please describe any special uses or circumstances on your property that should be considered when assessing the Project. Please indicate the location of your property.

C68 - 161, 69;

Replaces 2 poles in field with one so we can use a pivot irrigation system which is more economical and uses much less electricity than the traveling guns we now use.

Forward maps to Grant Stevenson - talked to him @ meeting

In your opinion, what are the most sensitive resources (biological, cultural, recreational, ect.) in the Project area and why?

No comment

I-145-001

Your letter/comment card has been noted. The criteria used to route the transmission line is described in the Macro Corridor Study which is available at: <http://www.usda.gov/rus/water/ees/eis.htm>. These criteria and routing process will be addressed in the Draft Environmental Impact Statement. The project is still in the development and planning stages and the utilities have not yet permitted a route or pole locations for the transmission line.

The Draft Environmental Impact Statement will be available at: <http://www.usda.gov/rus/water/ees/eis.htm>. Comments on the Draft Environmental Impact Statement will be solicited after its publication.

I-145-001

In your opinion, was the project description, purpose, and need for the project adequately explained? If not, what additional information is needed?

Yes

Please tell us how to reach you.
